SAMUEL AYERS,

FORMERLY OF DANVILLE, KENTUCKY.
WATCH MAKER.

Successor to B. F. Meek, Main Street, Frankfort, Ky., continues the watch repairing business at the old stand. By promptness and careful work he hopes to merit the patronage of those who desire to have their watches repaired without damage being done them. Surveyors' compasses repaired and other instruments requiring delicate and accurate adjustment.

In retelling from business in Frankfort I take pleasure in expressing my entire confidence in Mr. S. Ayers, and from my long acquaintance with him as a workman, do not hesitate to commend him as every way capable of meeting the expectation of my former patrons.

B. F. MECK.

Sept. 30-11

A large number of persons passed through the city yesterday on their way to Crab Orchard to attend the Governor's ball.

The examining trial of James and Richard Jenkins, charged with the murder of John Lewis Diller, was begun Tuesday before Esquire Bolannan and Judge R. E. Gaines, and was concluded yesterday. The defendants were represented by Messrs. Scott & French and the prosecution by County Attorney J. A. Violett and Col. S. N. Hodges. Both parties were held over to the Circuit Court.

A meeting of the citizens of Frankfort was held at the Capital Hotel Thursday night, when Mr. Jos. L. Rodman was called to the chair, and Mr. Thos. J. Harris appointed Secretary.

On motion, the chair appointed Messrs. W. L. Jett, Pat McDonald, Judge W. H. Sneed, and Dr. J. G. Hatchitt a committee to appoint sub-committees and report at an adjourned meeting at the same place this evening. The chairman of the meeting was added to the committee and then the meeting adjourned.

A dispatch was received in this city by Judge R. A. Thomson, yesterday morning, from his son Wingate, at Winchester, announcing that a car load of dynamite had exploded at a station on the Kentucky Central Extension, six miles from Winchester, killing five or six persons and wounding some ten or fifteen others. Mr. Frank Hockersmith, a carpenter from this city, was among the wounded, being at work upon a new depot at that point at the time the accident occurred. He is very badly hurt and is not expected to live.

Dr. E. E. Hume went into Mr. Choate's residence, near the Railroad bridge, yesterday afternoon, to see a patient and left his horse and buggy in charge of a boy at the door. The mare became frightened at a passing train, pulled away from the boy and ran off. At Clinch's coal scales she upset the buggy and tore the top off, ran up Wilkinson street to Main, thence up Main to the Capital Hotel, where the buggy wheels became entangled in those of a wagon standing there, and so checked her speed as to enable parties to run out and catch her. The buggy was badly used up and the mare, a remarkably fine animal, was completely ruined, the leaders of the left leg being entirely cut through to the bone. She was worth fully two hundred and fifty dollars before the accident.

Don't forget to tell your neighbors that a grand uninee will be given at the great White Hall Clothing House this afternoon at 4 o'clock, at which delightful music will be furnished by Waxy's celebrated quartette and to-night, at a quarter past seven o'clock, there will be a splendid concert given from the balcony in front of the same establishment, which will be one of the best things we have had in the city for years. The music will be furnished by the same artists as in the afternoon, the building will be beautifully illuminated, and red lights will be burnt during the entertainment. The quartette is a first-class one, has been secured at great expense, and a treat is promised to the lovers of music. Be sure to attend, and after you have enjoyed the music just step inside and purchase a nice suit of clothes for to-morrow, as the prices on all the goods in the house have been marked down to exceedingly low figures.

HEART DISEASE!

CURED BY
Dr. Rush's Regulator,

FOR HEART TROUBLES.

Wm. G. Osgoodby, the well-known safe manufacturer of Buffalo, Philadelphia, Pittsburg, Newark, and Atlanta, Ga., says:

OFFICE OF OSGOODBY'S IMPROVED SAFES, 17 S. Broad Street, ATLANTA, GA., October 17th, 1882.

Dr. Rush's Medical Association.
DEAR DOCTORS.—The three bottles of "Dr. Rush's Regulator" I ordered were received by express last week. I have taken nearly one bottle and am thoroughly satisfied with the result. For over two years I have been troubled with sharp pain at my heart. My physician, upon examination pronounced it enlargement of the heart, and was unable to give me any relief. The trouble grew worse until I had become convinced that I could not be cured. While in New York City, last week, I called upon one of the most prominent physicians there, who charged me \$25 for an examination and then recommended your "Regulator." Knowing you to be a regular Medical Association, and not a patent medicine scheme, I ordered the three bottles. I have not been troubled since I commenced taking it, but shall continue and take the entire three bottles so as to obtain a permanent cure. You have my sincere thanks. I am, gentlemen, very respectfully,
WM. G. OSGOODBY.

Dr. Rush's "Regulator"

has never failed to give relief. It has been used successfully for years in subduing the most stubborn cases of heart difficulties. A positive cure for enlargement, palpitation, fluttering and fatty degeneration of the heart. Price \$1.00 per bottle. Six bottles for \$5.00. Sold by druggist, or sent direct by Dr. RUSH'S MEDICAL ASSOCIATION, Nunda, N. Y., U. S. A.

FRANKFORT ROUNDABOUT.

Entered at the post-office at Frankfort, Kentucky as second class mailable matter.

GEORGE A. LEWIS.

Editor and Publisher.

FRANKFORT, AUGUST 18, 1883.

Please bear in mind that the blue pencil mark X on your paper indicates that the time for which you have paid has expired and you are requested to call around and settle.

Frankfort Chapter, No. 3, R. A. M., will meet in regular monthly communication Tuesday evening at 8 o'clock.

A large warehouse is being erected at the Kentucky River Mills in which to store the product of that establishment. It is to be sixty by thirty-eight feet and two stories high. Messrs. Gault & Co. have the contract.

The Fannie Freese broke a shaft on her trip down on Friday and has laid up for repairs at Louisville. Capt. S. V. Pence and First Clerk J. M. Pondleton are at home while the repairs to the boat and to dam No. 1 are being made.

The L. C. & L. Railroad will run an excursion train from this city to Beard's Station tomorrow to give all those who wish to attend a chance to visit Kavanagh Camp Meeting. The train will leave at 8 o'clock in the morning and the round trip fare will be but one dollar and fifty cents.

The brickwork on the new city hall is about completed, and the contractors expect to have the roof on the front part of the building the last of next week. With the present rate of speed it will be completed within the contract limit the 15th of November.

A burglar attempted to break into the residence of Mr. Richard Chiles on the South side, Wednesday night about nine o'clock, but the noise he made in trying to get a back door open attracted the attention of Mr. Chiles, who sent a bullet after him as he disappeared over the back fence.

While practicing for the game of ball at Pleasantville Saturday afternoon, Mr. John Hunt, of this city, had the thumb of his right hand knocked out of joint, the bone protruding through the flesh and making a very painful injury. The hand was dressed by a doctor at Pleasantville and he is doing well, though suffering a great deal.

The Frankfort base ballers have been in hard luck this week. In the game between the Capital City and the Pleasantville Club Saturday afternoon the latter were victorious by a score of 17 to 11, and at Shelbyville Tuesday the Capital City again met defeat at the hands of the Shelby Club, the score standing 13 to 18 at the close of the game.

A half grown white boy went into the circus tent during the performance Wednesday afternoon, sat down by a gentleman living near this city, and played greeny, saying it was the first circus he had ever attended. He went out before the performance was over, and the gentleman who sat next to him discovered that his pocket-book was missing.

During the sitting of the examining court in the case of the two Jenkins boys, Thursday afternoon, Sheriff J. W. Gaines went to the Court-house door and began tackling up a notice which the law required him to post there, and the noise he made in so doing annoyed Squire Bohannon, of the court, to such an extent that he ordered him to stop it, but as the Sheriff did not obey promptly he was fined three dollars and ordered to jail for six hours for contempt of court. After meditating upon the severity of the punishment the court set aside the order requiring the High Sheriff to be locked up.

In conversation with Mr. John O'Brien, the circus man, Wednesday afternoon, he told us that about thirty-five years ago he was in this city with John Robinson's circus, and stood upon the steps of the old Mansion House, then a hotel, and witnessed a shooting affair on St. Clair street, in which one man attacked another with a stone, and was shot five times in the breast, and the party shot did not fall until struck in the head with a brick. He was a little curious to know whether the man died or not. He said he could see the blood from each wound upon the man's coat, which was a green one with brass buttons upon it. The wounded man was carried into a drug store near the corner of Main and St. Clair, about where Harris & Herrmann's building now is.

A wedding is in preparation and will take place in a short time.

WANTED TO HIRE.—A house of 5 or 6 rooms for a small family, in South or North Frankfort, in a good neighborhood. Address P. O. Box 865.

Saturday afternoon, about four o'clock, some one set fire to some trash lying in the back porch of the house owned by Mr. H. L. Watkins, on the corner of Third and Steele streets, known as the Hall place, which burnt through the weather boarding and would have had the whole house in a blaze in a few moments had it not been discovered by some of the neighbors in time. The alarm was given and the Fire Department called out, but a few buckets of water extinguished the flames. The house was unoccupied at the time, but Mrs. Watkins and a lady friend had just left the premises a few moments before and all was right while they were there. It is supposed that some children who were playing about the place must have caused the trouble by carelessly dropping a lighted match upon the trash.

Farmers are about through cutting grass. We have had some rain, but the crops need a great deal more.

The Sunday-schools here and at Antioch are progressing splendidly.

The public school here has from 40 to 45 scholars in daily attendance.

There is to be another picnic at Bald Knob Saturday. Everybody invited.

Robert Ethington and wife, of Henry county, were visiting friends and relatives in this vicinity Saturday and Sunday.

There has been a debating club organized at the Globe school-house, which will meet on Friday night of each week. Everybody invited to attend.

Your correspondent made a trip through a part of Henry county last week, and from what he saw thinks the prospect for corn and tobacco is not good. Both have suffered for want of rain.

The converted Hindoo preached and lectured at Antioch Saturday and Sunday to quite large crowds. There were some who thought they knew more than the Hindoo, and interrupted him by laughing and talking.

Mr. Campbell James, of Frankfort, has been out this week surveying the route for the "pike" that is to connect this place with the Benson Depot.

Masters Owen and Cochran Bailey, who have been visiting relatives in this section for several weeks, have returned to their home in Louisville.

Some Snake Stories.

Not a good place for snakes either.—Mr. Frank Dickey, of White Sulphur, was tearing down an old rock fence on Col. R. P. Pepper's place, South Elkhorn Stock Farm, last Friday, and killed fifty-eight snakes in a distance of fifteen feet. Mr. Dickey solemnly declares that he killed with a stick one snake five feet long which had two months and was attempting to swallow a frog at each mouth at the time his being surprised and killed. Mr. H. P. Waits was present and saw the snakes. If there is any incredulity entertained in the subject, Mr. Dickey, the stick, and the stone fence are still there to speak for themselves.—Midway Clipper.

Yesterday as Henry F. Gaar, a farmer living near Louisville, was passing through his farm, accompanied by two dogs, he was attracted by the peculiar movements of the dogs to a large moccasin water snake. The snake was disporting herself in the grass with a whole colony of young snakes, to the number of sixty-nine. As soon as the snakes saw their natural enemies the old one opened her mouth and the young ones all ran down her throat. Fearing for the mother's life at swallowing the whole household of young ones, the farmer collected his wits together and killed the mother snake, at the same time destroying the young ones. The snake measured four feet six inches in length, and three inches in diameter at the largest part. Mr. Gaar lives near the City Almshouse, and one of us inclined to doubt this story can have it substantiated from his own lips.—Louisville Commercial, 15th.

Our own county sees both of the above and goes several better, will be seen from the following, which we clip from the Yeoman.

A few days ago while constable Louis L. Cox was walking about his father's premises, in this county, he came across a black which was lying on the ground, and lifting it up discovered a large grumpy snake. He killed the reptile, and upon investigation found ninety-two small snakes in her, which he also killed.

Mr. Cox still retains the plank as evidence of the correctness of the above.

PURINGTON, FRANKLIN COUNTY, KY.
Editor of the Roundabout:

In looking over this senatorial district for a suitable man to represent us in the Senate, to succeed the Hon. D. L. Moore, of Mercer, we can think of no one so well qualified for that honorable position as Col. Thos. B. Ford, of Frankfort.

Mr. Ford is a man of talent and integrity combined, to very important elements to make an efficient Senator. Tom Ford is honest and faithful, and will look to the interest of the district, and especially, to the completion of the Capitol building in this city. He won't wait until seven days before the adjournment before he asks for an appropriation to complete that desirable object.

Very Respectfully,
MANY DEMOCRATS.

RHEUMATISM!

Immediate Relief in all Cases by
DR. RUSH'S
BLOOD ROOT OIL!

Cured of Rheumatism in Two Hours.
BUFFALO, N. Y., May 3, 1882.

Dr. Rush's Medical Association.

GENTLEMEN—I have been troubled with rheumatism for two years. I tried all the best advertised oils and liniments, and many first-class physicians without relief. The last one I recommended Dr. Rush's "Blood Root Oil." I purchased a large bottle for fifty cents, and applied it. In two hours I was relieved and now I am entirely well. Its effects were wonderful, and I can say it is only thing in the world which will cure rheumatism.

Truly,
JOHN HUTCHINSON,
89, Erie St., Buffalo, N. Y.

DR. RUSH'S BLOOD ROOT OIL

has no equal in the world as a Liniment or Oil. It is a clean, safe, simple, sure and effectual remedy for man or beast. It never fails to cure

RHEUMATISM,

Neuralgia, Sciatica, Lumbago, Backache, Soreness of the Chest, Gout, Quinsy, Sore Throat, Swellings and Pains, Burns and Scalds, General Itchiness, Eczema, Erysipelas, and all other Skin Diseases, and all other Pains and Aches. It is put up in two sizes. Price 25 and 50 cents. Sold by all druggists everywhere, or sent direct upon receipt of price by Dr. Rush's Medical Association, Nunda, N. Y., U. S. A.

New Life

is given by using Brown's Iron Bitters. In the Winter it strengthens and warms the system; in the Spring it enriches the blood and conquers disease; in the Summer it gives tone to the nerves and digestive organs; in the Fall it enables the system to stand the shock of sudden changes.

In no way can disease be so surely prevented as by keeping the system in perfect condition. BROWN'S IRON BITTERS ensures perfect health through the changing seasons, it dispurs the danger from impure water and miasmatic air, and it prevents Consumption, Kidney and Liver Disease, &c.

H. S. Berlin, Esq., of the well-known firm of H. S. Berlin & Co., Attorneys, Le Droit Building, Washington, D. C., writes, Dec. 5th, 1881:

Gentlemen: I have pleasure in stating that I have used Brown's Iron Bitters for malaria and nervous troubles, caused by overwork, with excellent results.

Beware of imitations. Ask for BROWN'S IRON BITTERS, and insist on having it. Don't be imposed on with something recommended as "just as good." The genuine is made only by the Brown Chemical Co., Baltimore, Md.
